

LYRICS - I KNOW THE HEALER

V1

I know the healer
I've seen His face
The longer I linger
The less I'm afraid

V2

I know the healer
I've felt His peace
So, I'm going to stay here
I know He won't leave

Pre-Chorus

If my heart is still beating
My body's still breathing
His word is still speaking
I'm still believing

Chorus 1

Give Him the mountain, it will be moved
He'll silence the lies for He is the Truth
King Jesus is here...He is the healer
He'll raise every Lazarus up from the grave
He'll part any Ocean, push back the waves
King Jesus is here...He is the healer

V3

I've seen His wounds
The promise is sealed
His body was broken
So, I could be healed

V4

I've seen His tomb
The body is gone
His resurrection
Is my healing song **(Repeat last Line)**

Chorus 2

So, give Him the mountain, it will be moved
He'll silence the lies, He is the Truth
King Jesus is here... He is the healer
He'll raise every Lazarus up from the grave
He'll part any Ocean, push back the waves
King Jesus is here...He is the healer
So, I'm lifting my hands to let the world know
Our God is Alive He is still on the throne
King Jesus is here...He is the healer

Bridge x2

Oh, nothing is impossible
Our God still does Miracles
Nothing is impossible for Him
