

Heaven Here On Earth - Dave Bell, Jesse Reeves

V1

Heaven has no borders
Your mercy knows no bounds
Every tribe and nations sings your praise
The angels cry out worthy
The elders all bow down
Sing Holy, Holy, Holy is Your name

Chorus

So let your kingdom come into this room
Jesus, we are only here for you
We give you all the honour, all the glory you deserve
Your presence is our heaven here on earth

Embraced by perfect peace
We hear you whisper do not be afraid
Through every generation
From age to age we see
You're faithful to deliver and to save

Jesus, we are only here for you
We give you all the honour, all the glory you deserve
Your presence is our heaven here on earth
